Microsoft Certification on Machine Learning

Date: July 26, 2020

Dear Students,

This is to inform that ABIT RGIT is organizing a webinar by ATS Learning Solutions on “Microsoft Certification on Machine Learning” for educating the students about machine learning and the wide range of opportunities a Microsoft Certification opens up. It will be held on 28th of July 2020. This seminar will be conducted by Mr. Deepak Garg, a spokesperson from ATS Learning Solutions. It will be conducted from 01:30PM to 02:30PM on GoToMeeting platform. All the students who wish to register for the webinar are requested to fill the registration form forwarded to their respective class WhatsApp groups. The further details will be communicated by ATS Learning Solutions.

Mr. Harshad Barapatre

Report On: Microsoft Certification on Machine Learning Webinar

- **Held on:** July 28, 2020
- **Time:** 01:00PM to 02:00PM
- **Online Platform:** GoToMeeting
- **Resource Person:** Mr. Deepak Garg
- **Designation:** Spokesperson, ATS Learning Solutions

ATS Learning Solutions organised a webinar under the banner of ABIT on “Microsoft Certification on Machine Learning” which was specially targeted towards students from the Third and Final Year Engineering from Information Technology and Computer Engineering departments. As the shutdown due to the global pandemic leaves the students with a lot of time on their hands apart from the online lectures being conducted by the institute, they were really excited about getting to learn some insights on how they could make good use of this excessive time and open themselves to exciting opportunities.

Students who were interested in attending the seminar were asked to fill up a form provided by ATS Learning Solutions and these students were later added to a WhatsApp group created by the organisers for effective communication. Further instructions and details about how to join the webinar were given on the group.

The webinar started with Mr. Garg enlightening the students with importance of machine learning in the real world and how these new age skills will help the overall development of a student’s profile and skills. He, then, went on to explain how to students can develop their skills according to the latest trends in technology and, thus, make their profile stand out from the others.

The speaker then introduced the students with various programs offered by ATS Learning Solutions to help students get hands on experience with machine learning using Python. The speaker stressed on the “practical oriented training” and “learn by doing” aspects of their training programs. Later, he explained the curriculum of the programs offered in detail and went on to show some certificates and score cards of students who have successfully completed the training programs.

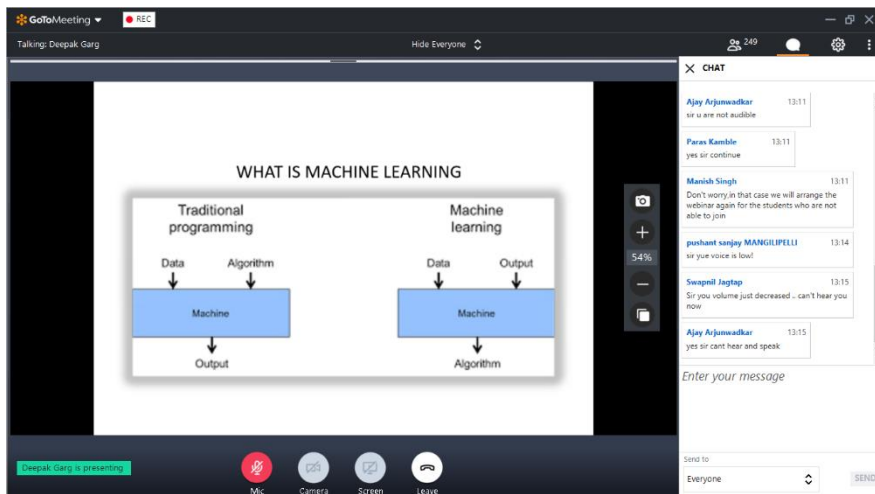

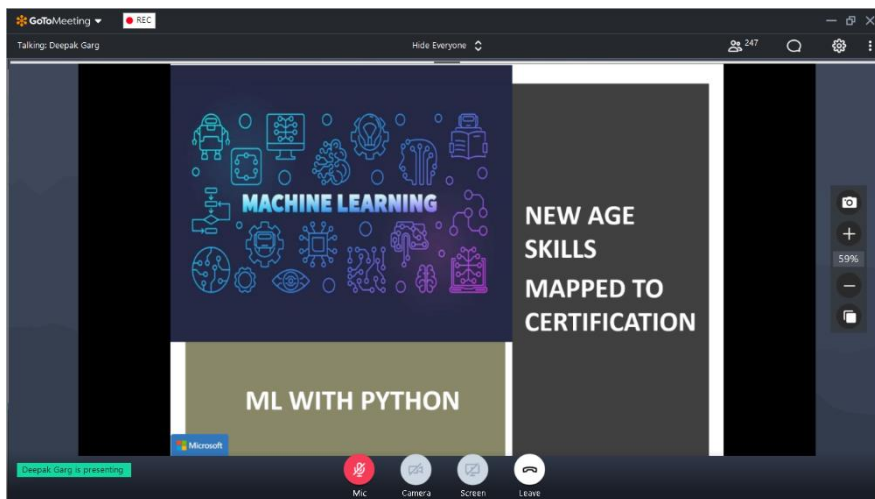

All this material including testimonies from past students, their score cards and certificates, the curriculum, etc. were shared on the WhatsApp group. About 250 students attended the webinar which was the maximum capacity permitted by GoToWebinar for one single meeting. Students were really intrigued and wanted to know more about the training programs. Looking at the enthusiasm of the students, ATS Learning Solutions announced that the students who enrol early will receive special discounts.

DEPARTMENT OF INFORMATION TECHNOLOGY

The session was indeed informative, and an eye opener for students who didn't have a clear idea about importance of machine learning and the training programs provided to learn the same. Thus, it ended on a positive note.

Report On: Orientation for Second Year Students

- **Held on:** September 28, 2020
- **Time:** 11:00AM - 11:30AM
- **Venue:** Zoom Meeting

On September 28, ABIT organized an orientation programme in form of a Zoom meeting for the students of Second Year of Information Technology Department. It began with the welcoming of all the faculty members, and students from second year by the President of ABIT, Mr. Harshad Barapatre.

This was followed by Dr. Sunil Wankhade, H.O.D of IT Department addressing the audience and giving their insight about ABIT, its activities and events, functions and past achievements. They concluded by wishing best of luck to the students for their future endeavours. Thereafter, Ms Riddhi Dange, Event Management Head, welcomed the students to the department and introduced the committee to them. She also encouraged them to do their best in academics as well as co-curricular activities.

Starting off with giving details to the students about ABIT, the students were then walked through the activities conducted by ABIT along-with an introduction to all teaching and non-teaching staff members of the department.

This was followed by, the senior core committee being introduced to the students. Each of the heads of respective teams introduced their areas of work. They further showed the paved path of success to the students. The students were highly thrilled to learn about the department winning the cultural trophy last to last year. The students were made aware of the previously conducted events, workshops and seminars under the banner of ABIT.

They also learned about college fests and importance of participation in the events, as representatives of the department.

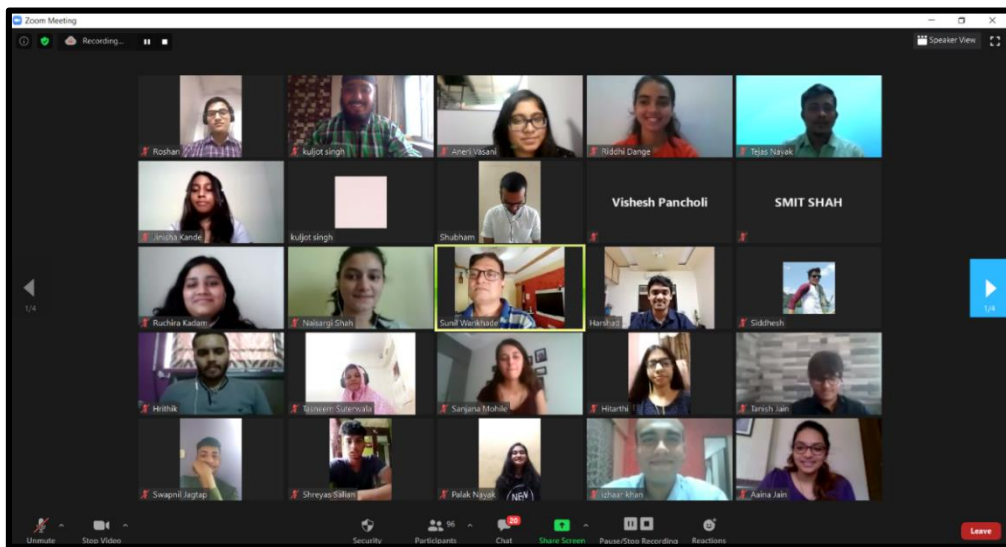

Lastly, the result statistics of the department were shared with the students, making them aware about the progress of the department in terms of high pointers and majority of

Report On: KNOW YOUR DEPARTMENT FOR FIRST YEAR STUDENTS

- **Held on:** February 7, 2021
- **Time:** 01:00 P.M. onwards
- **Platform:** Google meet

On February 7, 2021, ABIT organized a “Know Your Department” programme for the students of First Year from IT Branch.

Riddhi Dange gave a brief introduction of Information Technology Department. A welcome note was given to the students by Dr. Sunil B. Wankhade (H.O.D., IT Department). Sir, also gave a brief information to the students about the subjects that will be taught in the four-year course and concluded by wishing best of luck to the students for their future endeavours. This was followed by Prof. Nilesh Rathod, (Student Convenor of ABIT) addressing the audience and giving them an insight about ABIT, its activities and achievements.

The whole idea of the programme was to motivate and build zeal in fresh students for innovation in the upcoming four years of their graduation. Starting off with a short video showing glimpses of IT department’s achievements, workshops, and annual fest. Thereafter, Jinisha Kande introduced the faculty members to newly admitted students, placement process and current year statistics of placed students was given. Tejas Nayak welcomed the students to the department and introduced the committee, Senior Core and Junior Core members to them. Roshan Kaloni gave a brief insight to the students about the various activities and events conducted by the departmental committee. The students were highly thrilled to learn about the department winning the cultural trophy in Zodiac 2019. The students also learned about college fests and importance of participation in the events, as the

representatives of the department.

A video tour was given of Applied Sciences and Humanities Department. Shushrut introduced IEEE, its motives, goals, and past events to the students.

Finally, they interacted and responded with queries related to placements, coding skills and study approach.

“Know your department” program was concluded by Jinisha Kande by giving Vote of Thanks and a photo session.

Report On: Seminar Studying Abroad & the effects of Covid 19 by Azent Overseas Education Ltd.

- **Held on:** March 12, 2021
- **Time:** 1:00PM to 2:00PM
- **Platform:** Zoom Meeting
- **Resource Person:** Mr. Vinayak Bhosale
- **Designation:** Senior Student Success Manager, Azent Overseas Education Ltd.

Azent Overseas Education Ltd. organised a seminar under the banner of ABIT on ***'Studying Abroad and opportunities for engineering students'*** which was specially targeted towards the third-year aspirants. In today's world, students should not limit themselves only to a bachelor's degree. It's important for them to enhance their knowledge with a master's degree overseas and the same was communicated to all students by this seminar.

The seminar started with Mr. Vinayak Bhosale, enlightening the students with the importance of having a master's degree in today's competitive world as just having a bachelor's degree will hold you back from bagging great opportunities.

The speaker introduced the students with various universities abroad across countries like UK, USA, Canada, Ireland, New Zealand, Australia, Singapore and Germany. Detailed information regarding various post-graduation courses and other requirements for admission in these countries were conveyed. Apart from this, they also gave us significant information on benefits of studying in each country and what opportunities would unfold for us living there.

The speaker then highlighted the advantages of choosing Azent Overseas Education Ltd as it is a one stop destination for students planning their journey to study abroad. It provides services like personalised counselling, admission and application assistance, IELTS preparation, Visa processing and pre-departure assistance and many more.

 MANJARA CHARITABLE TRUST
RAJIV GANDHI INSTITUTE OF TECHNOLOGY, MUMBAI
DEPARTMENT OF INFORMATION TECHNOLOGY

Students were very intrigued after knowing the advantages of studying abroad and were also excited in venturing the same. The session was indeed informative, and an eye opener for students who didn't have a clear idea about the importance of studying abroad. Thus, it ended on a positive note with Question-and-Answer session.

The list of attendees for the event is as follows:

Report On: Webinar on Career in Data Science and Job Prospects

- **Held on:** May 11, 2021
- **Time:** 11:00 AM to 01:00PM
- **Online Platform:** Google Meet
- **Resource Person:** Ms. Sneha Lohana
- **Designation:** Professor, Itvedant Education Pvt Ltd

Itvedant Education Pvt Ltd organised a webinar under the banner of ABIT on “Data Science Career and Job Prospects” which was specially targeted towards students from the Third- and Second-Year Engineering from Information Technology and Computer Engineering departments. Students who were interested in attending the seminar were asked to fill up a form and these students were later added to a WhatsApp group created by the organisers for effective communication. Further instructions and details about how to join the webinar were given on the group.

The webinar started with Mr. Amit Naik, (Spokesperson at Itvedant Education Pvt Ltd) welcomed the students with a brief introduction of Itvedant. Ms. Riddhi Dange gave the opening note and introduced the speaker for the day and handed over to Prof. Sneha Lohana. The speaker welcomed everyone to the webinar and gave a glimpse on Data Science.

Importance of Data Science in the real world and how these new age skills are going to help the overall development of a student’s profile and skills were highlighted. She, then, went on to explain how to students can develop their skills according to the latest trends in technology and, thus, make their profile stand out from the others.

Highlights of the webinar are as follows:

1. Data Science Definition
2. Technologies used in Data Science
3. Fields and Lifecycle in Data Science
4. Few real-world projects and examples of Data Science

This was followed by a Question-and-Answer session. All the doubts and Queries were cleared by Prof. Sneha Lohana. Then the spokesperson then introduced the students with various programs offered by Itvedant Education Pvt Ltd to help students get hands on experience with Data Science. The speaker stressed on the “practical oriented training” and “learn by doing” aspects of their training programs. Later, he explained the curriculum of the programs offered in detail and went on to show some certificates and score cards of students who have successfully completed

the training programs. A brief knowledge on placement process offered by the institute was also given.

Students were really intrigued and wanted to know more about the training programs. Looking at the enthusiasm of the students, Itvedant Education Pvt Ltd announced that the students who enrol early will receive special discounts.

The session was indeed informative, and an eye opener for students who didn't have a clear idea about importance of Data Science, the training programs provided to learn the same and the Placement process. Thus, it ended on a positive note.

Report On: Research Paper Selection and Publication

- **Held on:** May 14, 2021
- **Time:** 11:00 AM to 01:00 PM
- **Platform:** Google Meet
- **Speaker:** Prof. Nilesh Rathod, Assistant professor at Rajiv Gandhi Institute of Technology.

ABIT organized a webinar on the topic “Research Paper Selection and Publication” under the guidance of our Prof. Nilesh Rathod. Publishing Research paper helps to help improve writing and research skills. The process of publishing a paper helps a future career path and illuminate opportunities that may otherwise have not been considered. It piques a student’s interest in pursuing publishing or graduate studies as the next step after completion of an undergraduate degree. Working with faculty and other student researchers will allow students to enter a scholarly community that may help them decide on a future career path.

The webinar was targeted towards students in prefinal year and juniors. Students who were interested in these training sessions were asked to fill up a Google form, students who filled up the form were then added to a WhatsApp group for further instructions and updates.

First and foremost, the students were welcomed to the session by Ms. Riddhi Dange. Prof. Nilesh Rathod started the seminar with introducing the idea of Research Paper publication and its importance for an undergraduate student. Students were made aware of objective of the session. The seminar continued as follows:

1. Importance of Topic selection. Questions such as why selected topic should be narrow? What a good topic is? were answered.
2. Process of Literature Survey, materials, journals, scholarly articles that should be surveyed were conveyed.
3. Flow of research paper was explained. A brief idea on Abstract, Introduction of Topic, Methodology, Analysis, Descriptive results and Future scope was given.
4. Proof reading and process of drafting for Paper Publication was explained.

 MANJARA CHARITABLE TRUST
RAJIV GANDHI INSTITUTE OF TECHNOLOGY, MUMBAI

DEPARTMENT OF INFORMATION TECHNOLOGY

This was followed by a Question-and-answer session where all the doubts regarding the process of Publication Journals were cleared.

The students were really excited and intrigued for their upcoming publications on their projects. Thus, the webinar concluded on a positive note.

Data Science Projects: Inception to Delivery 2020 - 21

Date: May 11, 2020

Dear Students,

This is to inform that ABIT RGIT is organizing training sessions on “Data Science Projects: Inception to Delivery” for educating the students about data science and the wide applications of the same in various fields. It will be held on 19th of May 2020 and 29th of May 2020. These training sessions will be conducted by Mr. Mohammad Hasnain and Mr. Keith Rebello, students from Information Technology in our institute. It will be conducted from 11:00AM to 02:30PM on Zoom platform on both days. All the students who wish to register for the webinar are requested to fill the registration form forwarded to their respective class WhatsApp groups. The further details will be communicated by the trainers.

Report On: Data Science: Inception to Delivery

- **Held on:** May 19, 2020 and May 29, 2020
- **Time:** 11:00AM to 02:30PM
- **Venue:** Zoom Meeting

Training sessions on “Data Science: Inception to Delivery” were conducted by students from IT department of our institute were conducted on 2 days, 19th May 2020 and 29th May 2020. These training sessions were open to students from Second Year and Third Year Engineering. Mr. Mohammad Hasnain and Mr. Keith Rebello conducted these workshops and they introduced the participants to the world of Data Science. The benefits of pursuing a career in Data Science with a focus on Machine Learning were the main highlights of the training sessions.

Students who were interested in these training sessions were asked to fill up a Google Form provided by the organisers and the students who filled up the form were then added to a WhatsApp group for further instructions and updates.

First and foremost, the students were welcomed to the group and then the organizers were interested in understanding the level of experience of the students in different topics. A Google Form link was then shared for the same on the group. Then, an announcement for the date of the training sessions was made and instructions regarding the meeting platform were given.

After a fair analysis of the experience of students with the said technologies, the training sessions were conducted in two sessions spread over a span of two weeks. Individual doubts of students were solved during these sessions along with libraries like NumPy, Pandas, and Matplotlib, among others.

The sessions were concluded with the attendees being awarded certificates of participation. Further, students were assigned a capstone project which was to be pursued on their own and those who successfully completed the projects were awarded one more certificate of appreciation.

List of students who participated in the training sessions is as follows:

SAkshi Mali	Lyon Pinto
Santhosh	Yogesh Nitin Deokar
Varun Pillai	Lokesh Mishra
sahil Pillikandlu	Radha Sawant
Riddhi Shah	Sharvari Raut
Dinal Shah	Rachita Soni
Sameer Shaikh	Nidhi Pawarr
Suyog Sunil Gawkar	Jinisha Dsouza
Shaikh Mohd. Faiz	Sunil Yadav
Dinesh chavan	Nikhil Pawar
Swagat Das	Tejas Pawar
Khush Dave	Vikram Phonde
Ajay Desai	KAMBLE SWARALI SUNIL
Mufaddal Shakir	varun khopkar
Shivani Adulse	jay mahajan

List of students awarded a certificate for complete participation is as follows:

Anjali Shetty	Kuljot Singh
Atharva Patil	Mitesh Singh
Divya Tarange	Riddhi Dange
Gandhali Malve	Shamika Desai
Grishma Nagvadaria	Suraj Gupta

Report On: UniConnect-Education Fair by ABIT and Collegepond

- **Held on:** October 10, 2020
- **Time:** 11:00 AM to 9:30 PM
- **Platform:** Online Platform

ABIT RGIT in association with Collegepond conducted - UniConnect 2020, India's Biggest Virtual Education Fair. It was a platform to engage with over 100 Universities all over the globe like UIUC, USC, UFL, KELLEY and many more.

The event was conducted in three phases. Each phase consisted of a particular set of universities few selected countries:

- 1st Phase: 11:00 AM - 2:00 PM
Universities from New Zealand, Australia & Singapore
- 2nd Phase: 3:00 PM - 6:00 PM
Universities from Ireland, UK & Europe
- 3rd Phase: 6:30 PM - 9:30 PM
Universities from USA & Canada

The workshop was targeted towards Engineering students who aspired to pursue post-graduation studies abroad. The day's event gathered 500+ students and successfully solved all their doubts by interaction with their dream Universities itself.

Highlights of 'UniConnect – Virtual Education Fair' included:

- Individual profile evaluation by team of highly-experienced counsellors.
- Face-to-face interaction with Universities to get all queries resolved before the application process.
- Guidance on financial aid, fee reduction and scholarships.
- Avail application fee waiver provided by Universities present in the fair.

DEPARTMENT OF INFORMATION TECHNOLOGY

- Statement of Purpose, Letter of Recommendation and Resume drafting workshops for the students.
- End to End processing for Education Loan to support education by Avanse Financial Services.d

The students were not only given a full guide on the application process but also about the entrance exams required for various courses. All students participated enthusiastically and cleared their queries with the Universities themselves. Thus, the virtual education fair ended on a positive note.

List of students who attended the Education Fair is as follows:

Harshad Barapatre	Roshan Kaloni
kuljot Singh	Anvita Thingalaya
Harshwardhan Patil	Siddhant Save
Aneri Vasani	Anuj Akhade
Tejas Nayak	Gaurav G
Izhaar Khan	Tanish Jain
Anish Rohekar	Shruti Ambhire
Shrey Solanki	Srushti Raut
Hitarthi Jitendra Bhinde	Manan shah
Vishwesh	Vaishni Shetty
Mandar sawant	Jainam Mutha
Mahek Khanna	Samarth shah
Sanamdeep singh anand	Peter D'Silva
AKASH Hatode	Varun Gupta
Ajay Patkar	Jashraj Gandhi
Ishaan Badole	Rahul Lotlikar
Twinkle Bhatt	Aayush B
Prachiti	Swapnil Jagtap
Komal Mahajan	Ruchira Kadam
HARSHITH OJHA	Siddhesh Salunkhe
Abhishek Mandar Mahakal	siddhanth das
Yawar Ali	Riya Ambolkar
