

DEPARTMENT OF INSTRUMENTATION ENGINEERING

Action Taken Report on
Departmental Advisory Committee Minute

Date: 05 Dec 2017

The meeting of honorable advisory committee members of ET & Instrumentation Department was conducted on 13 Jan 2017 in the conference room.

Action taken:

1. Vision & Mission of the department are revised.
2. Three adjunct faculties from industry are appointed for providing guidance to students as well as faculty.
 - Shree. Lalit Banger, Adjunct Professor
 - Shree H.K.Kadam, Adjunct Professor
 - Shree. Rajesh Shah, Adjunct Professor
3. Department has taken initiative to conduct training for SE, TE, and BE Students at Siemens Limited, Kalwa as Industry Institute interaction.
4. Department has conducted seminar from industry expert on IOT, Process Automation etc.
5. Regarding OFC (Optical Fiber Communication), the senior faculty who were involved in syllabus revision committee have suggested to include this (OFC) as an important area, to the university and university have incorporated as an elective subject.
6. Motivational talk/seminars have been arranged.
7. Industrial cum educational tour, workshops, seminar and alumni interaction organized for the benefit of students and the faculties under the banner of ISA chapter.
8. We encouraged students to attend internship programs in industries so that they are exposed to real industry environments.
9. We have identified offering multidisciplinary courses is very much required. We have provided online courses like NPTEL, Swayam as a major platform to meet this requirement..
10. We have organized visit to PNEUCON PVT. LTD., Thane for third year students where they were exposed to internal construction and operation of different valves.
11. Students are encouraged & motivated to select electives and project as per area of their interest.
12. We are in process of forming technology incubation centre. Also conduction of tests, experiments, assignments are set and revised to meet our course objective.
